NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 31 MARCH 2015

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of financial instruments, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), and the requirements of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships' issued in March 2010 (SORP 2010).

Turnover

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

Goodwill

Positive purchased goodwill arising on acquisitions is capitalised and classified as an asset on the Balance Sheet.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Plant & Machinery

25% Reducing Balance

Equipment

25% Reducing Balance

Work in progress

Work in progress is valued on the basis of direct costs plus attributable overheads based on normal level activity. Provision is made for any foreseeable losses where appropriate.

Leasing and similar arrangments

Assets financed under finance lease leases and similar arrangements such as hire purchase contracts, are capitalised in the balance sheet and depreciated over their useful economic lives. The interest element of payments under such arrangements is charged to profit and loss account so as to give a periodic charge commensurate with the balance outstanding. Rentals paid under operating leases are charged to profit and loss account as they fall due.
