Registration No. OC 351564

Raynol Properties (Investments) LLP

DESIGNATED MEMBERS' RESPONSIBILITIES IN THE PREPARATION OF FINANCIAL STATEMENTS

The members are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008 (the 2008 Regulations) requires the members to prepare financial statements for each financial year.

Under that law the members have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Under the 2008 Regulations, the members must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the partnership and of the profit or loss of the partnership for that period.

In preparing those financial statements, the members are required to:

- a) Select suitable accounting policies and then apply them consistently;
- b) Make judgements and estimates that are reasonable and prudent;
- c) Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the partnership will continue in business.

Under the 2008 Regulations the members are responsible for keeping adequate accounting records that are sufficient to show and explain the partnership's transactions and disclose with reasonable accuracy at any time the financial position of the partnership and to enable them to ensure that the financial statements comply with the requirements of those Regulations. They are also responsible for safeguarding the assets of the partnership and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

These responsibilities are exercised by the designated members on behalf of the members.

Raynol Properties (Investments) LLP

STATEMENT OF FINANCIAL POSITION

at 31 March 2019

	Note	2019	2018
		£	£

Balance at 31 March 2019	12,425,000	1,856,449	14,281,449

Members' interest rank equally with debts due to ordinary creditors on winding up.

Raynol Properties (Investments) LLP

ACCOUNTING POLICIES

GENERAL INFORMATION

Raynol Properties (Investments) LLP is a Limited Liability Partnership domiciled and incorporated in England.

The address of the LLP's registered office and principal place of business is:

bet365 House
Media Way
Stoke-on-Trent
Staffordshire
ST1 5SZ

The LLP's principal activity is the acquisition and management of properties for investment.

BASIS OF ACCOUNTING

These financial statements have been prepared in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ('FRS 102'), the requirements of the Companies Act 2006 as applicable to Limited Liability Partnerships subject to the small companies regime as applied to Limited Liability Partnerships, the recognition and measurement provisions of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships' (published July 2014), and under the historical cost convention, modified to include investment properties and certain financial instruments at fair value. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

TURNOVER

Turnover represents members profits from investments held in limited liability partnerships and are recognised in the financial statements as accrued income to match the accounting periods of the limited liability partnership and the investment. The investment ratifies the profit distribution to members at the annual members' meeting, all profits generated by the investment are fully distributable each year. Losses are only recognised to the extent there is a commitment to support the limited liability partnership in respect of any losses incurred.

TAXATION

The taxation payable on the partnership profits is the personal liability of the members, therefore neither partnership taxation nor related deferred taxation are accounted for in the financial statements.

MEMBERS' REMUNERATION

Trading profits and losses of the limited liability partnership are divided between the members in the same proportions in which they share capital contributions.

FIXED ASSET INVESTMENTS

Interests in subsidiaries, associates and jointly controlled entities are initially measured at cost, including directly attributable transaction costs and subsequently measured at cost less any accumulated impairment losses.

Raynol Properties (Investments) LLP

ACCOUNTING POLICIES

MEMBERS' PARTICIPATION RIGHTS

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed remuneration and profits).

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with section 22 of FRS 102. A Member's participation rights including amounts subscribed or otherwise contributed by Members, for example Members' capital, are classed as liabilities unless the LLP has an unconditional right to refuse payment to Members, in which case they are classified as equity.

Profits, except for fair value gains and losses on capital assets, are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment and the amounts arising that are due to members are in the nature of liabilities. They are therefore treated as an expense and presented as Members' remuneration charged as an expense in arriving at the result for the relevant year. To the extent that they remain unpaid at the period end, they are shown as liabilities.

Fair value gains and losses arising on capital assets which are retained in a separate component of members' equity as other reserves, as capital profits are only distributable when realised on the disposal of a capital asset.

All amounts due to members that are classified as liabilities are presented within 'Loans and other debts due to members' and where such an amount relates to current year profits, they are recognised within 'Member's remuneration charged as an expense' in arriving at the relevant year's result. Amounts recoverable from Members are presented as debtors and shown as amounts due from Members within 'Members' interests'.

The members' participation rights that are classified as liabilities are repayable upon demand, or at short notice (e.g. upon termination of membership), and as such whilst they are financing transactions, the effect of discounting is considered immaterial and so they are not discounted to present value.

FINANCIAL INSTRUMENTS

The LLP has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102, in full, to all of its financial instruments.

Financial assets and financial liabilities are recognised when the LLP becomes a party to the contractual provisions of the instrument, and are offset only when the LLP currently has a legally enforceable right to set off the recognised amounts and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets

Debtors

Debtors which are receivable within one year are initially measured at the transaction price. Debtors are subsequently measured at amortised cost, being the transaction price less any amounts settled and any impairment losses.

A provision for impairment of debtors is established when there is objective evidence that the amounts due will not be collected according to the original terms of the contract. Impairment losses are recognised in the income statement for the excess of the carrying value of the debtor over the present value of the future cash flows discounted using the original effective interest rate. Subsequent reversals of an impairment loss that objectively relate to an event occurring after the impairment loss was recognised, are recognised immediately in the income statement.

Raynol Properties (Investments) LLP

ACCOUNTING POLICIES

FINANCIAL INSTRUMENTS (continued)

Financial liabilities and equity

Financial instruments are classified as liabilities and equity instruments according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the LLP after deducting all of its liabilities.

Equity instruments

Financial instruments classified as equity instruments are recorded at the fair value of the cash or other resources received or receivable, net of direct costs of issuing the equity instruments.

Derecognition of financial assets and liabilities

A financial asset is derecognised only when the contractual rights to cash flows expire or are settled, or substantially all the risks and rewards of ownership are transferred to another party, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party. A financial liability (or part thereof) is derecognised when the obligation specified in the contract is discharged, cancelled or expires.
