The members are responsible for preparing the Members' Report and the LLP financial statements in accordance with applicable law and regulations.

The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) Regulations 2008, as modified by the Limited Liability Partnerships, Partnerships and Groups (Accounts and Audit) Regulations 2016, (the "LLP Regulations") require the members to prepare LLP financial statements for each financial year. # NOTES TO THE FINANCIAL STATEMENTS

### 1 ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements:

#### **Basis of preparation**

The financial statements have been prepared on a going concern basis, under the historical cost convention as modified by the revaluation of fixed asset investments, in accordance with the provisions of FRS 102 Section 1A – small entities and the Limited Liability Partnerships Act 2008. The financial statements have also been prepared in accordance with the Statement of Recommended Practice (SORP) for LLPs issued by the Consultancy Committee of Accountancy Bodies.

The LLP has taken advantage of the exemption available under FRS 102 Section 1A – small entities from preparing a cash flow statement.

#### **Foreign currencies**

The members have deemed US Dollar to be the currency that most faithfully represents the economic effects of the underlying transactions, events, conditions and ongoing operations of the LLP. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date or, if appropriate, at the forward contract rate. Any gain or loss arising from a change in exchange rates subsequent to the date of the transaction is included as an exchange gain or loss in the profit and loss account.

#### **Investments**

Investments are recognised initially at cost and are subsequently measured at fair value through profit or loss, except where the fair value cannot be reliably measured in which case they are recognised at cost less impairment.

#### **Classification of members' participation rights**

Members' capital is classified as equity, only where there is discretion on the part of the LLP over any payment or repayment of the rights. To the extent that there is no discretion over members' participation rights, members' capital is classified as a liability.

#### **Allocation of profits and drawings**

Capital contributions required to be advanced to satisfy the LLP's costs and expenses shall be allocated amongst the members pro rata to their aggregate capital contributions at that date.

All net income, net income loss, capital gains and capital losses of the LLP which arise in respect of each of the LLP's investments shall be allocated between the members pro rata to the amounts each member has advanced in regard to the relevant investment to which such net income, net income losses, capital gains and/or capital losses relate.

#### **Employees**

The LLP had no employees during the year.

### 2 TURNOVER

Turnover comprises dividends and loan stock interest from investments which are accounted for when they are received. The LLP did not receive any such income in the year.
