Livingstone Law LLP
Registered No. OC389502
Report of members
for the year ended as at 05 April 2022

The members present their report with the financial statement of the LLP for the year ended 05 April 2022.

## Principal activity

The principal activity of the LLP in the year under review was that of providing professional services and advice to individuals and businesses.

## **Designated members**

- 1. Mr David Muroki Kague
- 2. Orbit Ventures Ltd

## Results for the year and allocation to members

The profit for the year before members remuneration and profit share was (£4,642) [2021 - £982 profit]

#### Members' interests

The total of members' capital is agreed by the members collectively and contributed by agreement. Members may received monthly drawings during the financial year the amount of which is set at the beginning of each financial year, taking into account the anticipated cash needs of the LLP. Where drawings exceed anticipated profits, the excess is included in debtors as amounts due from members.

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

On behalf of the members:

#### 1. STATUTORY INFORMATION

The LLP is incorporated in the United Kingdom under the Limited Liability Partnership Act 2000. The address of the registered office is 4 Cavendish Drive, Langlands, Northampton, Northamptonshire, NN3 3DH.

The LLP's principal place of business is 80B Wellingborough Road, Northampton, Northamptonshire, NN1 4DP.

#### 2. ACCOUNTING POLICIES

### 2a. Basis of preparing the financial statements

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for "Small Entities" (effective January 2015) and the requirements of the Statement of Recommended Practice, Accounting by Limited Liability Partnerships.

#### 2b. Turnover

Turnover includes revenue earned from the sale of services recognised by reference to the stage when the rendering of the service is deemed to be completed in accordance with the contract. The stage of completion of contract is measured by assessing the costs incurred for work performed based on time spent to date, to the total estimated contract costs otherwise income will not be recognised until the matter is completed, except for those cases where the matter completes prior to approval of the accounts for which a fair proportion of the agreed fee will be accrued.

#### 2c. Profits

Profits are treated as being available for discretionary division only if the LLP has an unconditional right to refuse payment of the profits of a particular year unless and until the members agree to divide them. Profits are otherwise automatically divided and included under Members remuneration charged as an expense in the profit and lost account.

#### 2d. Taxation

Taxation is not provided for in the accounts as taxation is the liability of the individual members. Any amounts held by the LLP on behalf of the members in respect of their tax liabilities are treated as debts due to the members.

### 2e. Tangible assets

Tangible assets are measured at a cost less accumulative depreciation and any accumulative impairment losses. Depreciation is provided on all tangible assets, other than land and buildings, at rates calculated to write off the cost, less estimated residue value, of each asset evenly over its expected useful life, as follows:

Fixtures, fittings, tools and equipment over 5 years.

#### 2f. Debtors

Short term debtors are measured at transaction price (which is usually the contract price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

#### 2g. Creditors

Short term creditors are measured at transaction price (which is usually the contract price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

#### 2h. Provisions

Provisions (i.e liabilities of uncertain timing or amount) are recognised when there is an obligation at the reporting date as a result of a past event, it is probable that economic benefit will be transferred to settle the obligation and the amount of the obligation can be estimated reliably.

## 2i. Members' capital

Members' participation rights in the earning or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with FRS102. A member's participation right results in a liability, unless the right to any payment is discretionary on the part of the LLP.

Members capital is classified as debt and not equity if there is a contractual obligation for the LLP to repay the capital to members, even if that obligation is conditional.

## 2j. Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives, as follows:

Short Leasehold Properties	5% on cost
Fixtures & Fittings	15% on cost
Equipment	25% on cost

# 2k. Turnover

Turnover represents the invoiced value of services supplied by the LLP, net of value added tax and trade discounts.

#### 3. STAFF COSTS AND STAFF NUMBERS

The average number of employees of the LLP during the year was

	r - y	
	2022	2021
	<u>No.</u>	<u>No.</u>
Fee earners	1	1
Other	<u>-</u>	_
