**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2023**

1. General information

Liberty Denbigh Limited Liability Partnership is a limited liability partnership and is registered in England and Wales. The registered number is OC395715 and the registered office is The Corn Exchange, Brunswick Street, Liverpool, Merseyside, L2 0PJ.

2. Accounting policies**2.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The following principal accounting policies have been applied:

2.2 Going concern

The members plan to wind up the LLP after the signing date of these accounts but before the next accounting year end date. As such, the financial statements have been prepared on a basis other than that of going concern. No material adjustments arose as a result of ceasing to apply the going concern basis.

2.3 Cash flow

The financial statements do not include a Cash flow statement because the LLP, as a small reporting entity, is exempt from the requirements to prepare such a statement under Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

2.4 Division and distribution of profits

A division of profits is the mechanism by which the profits of an LLP become a debt due to members. A division may be automatic or discretionary, may relate to some or all of the profits for a financial period and may take place during or after the end of a financial period.

An automatic division of profits is one where the LLP does not have an unconditional right to avoid making a division of an amount of profits based on the members' agreement in force at the time, whereas a discretionary division of profits requires a decision to be made by the LLP, which it has the unconditional right to avoid making.

The LLP divides profits automatically. Automatic divisions of profits are recognised as 'Members' remuneration charged as an expense in the Statement of Comprehensive Income.

In the event of the LLP making losses, the loss is recognised as a credit amount of 'Members' remuneration charged as an expense where it is automatically divided or as a debit within equity under 'Other reserves' if not divided automatically.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2023**

2. Accounting policies (continued)**2.5 Taxation**

The taxation payable on the LLP's profits is the personal liability of the members during the year and consequently neither taxation nor related deferred taxation are accounted for in relation to the LLP. Amounts retained for tax are treated in the same way as other profits of the LLP and are so included in "Members' interests" or "Loans and other debts due to members" depending on whether or not division of profits has occurred.

2.6 Debtors

Short-term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.7 Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.8 Financial instruments

The LLP only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade debtors and creditors, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration expected to be paid or received.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of Comprehensive Income.

3. Members

The entity has no employees and the members did not receive any remuneration in the year (2022 - £nil).
