**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2020**

1. STATUTORY INFORMATION

Deerview Fine Foods LLP is registered in England and Wales. The LLP's registered number and registered office address can be found on the General Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the requirements of the Statement of Recommended Practice, Accounting by Limited Liability Partnerships. The financial statements have been prepared under the historical cost convention.

The members have made an assessment about the ability to continue as a going concern. In common with many other businesses there has been an impact since the year end due to the Covid-19 pandemic. However, the members believe that the business can continue and do not consider there to be any material uncertainties. As a result they have adopted the going concern basis of accounting.

Turnover

Turnover represents net invoiced sale of goods, excluding value added tax and is recognised at the point that an order is placed.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 2015, is being amortised evenly over its estimated useful life of ten years.

Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.
Plant and machinery etc - 33% on cost, 25% on reducing balance and 15% on reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Capital subscription and repayment

The capital requirements of the partnership are determined from time to time by the Designated Members. No interest is paid on capital. On leaving the partnership, a member's capital is reviewed and repaid as agreed, taking the partnership needs into account.

Allocation of profits and drawings

The allocation of profits to those who were members during the year is made by unanimous vote of the Designated Members.

During the year partners receive monthly drawings, and, from time to time additional sums as agreed by the Designated Members, taking into account the partnership's cash requirements for operating and investing activities.

3. EMPLOYEE INFORMATION

The average number of employees during the year was NIL (2019 - NIL).
