These financial statements have been prepared and delivered in accordance with the provisions applicable to LLPs subject to the small LLPs' regime and in accordance with FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006 (as applied to LLPs), the profit and loss account has not been delivered.

The members acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 (as applied by The Limited Liability Partnerships (Accounts and Audit) (Application of Companies Act 2006) regulations 2008) with respect to accounting records and the preparation of financial statements.

These financial statements were approved by the members and authorised for issue on 20 Dec 18, and are signed on their behalf by:

Lady M G Ballyedmond
Designated Member

Registered number: OC402492

The notes on pages 2 to 5 form part of these financial statements.

Corby Castle Estates LLP

Notes to the Financial Statements

Year ended 5 April 2018

1. General information

Corby Castle Estates LLP is a limited liability partnership incorporated in England and Wales. The address of the registered office is Third Floor, 20 Old Bailey, London, EC4M 7AN. The LLP's principal activity is the management of an estate, the address of which is Corby Castle, Great Corby, CA4 8LR. The length of the first period of accounts was extended to 5 April 2017. The current period is for 12 months.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', and the requirements of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships' issued in January 2017 (SORP 2017).

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of investment properties measured at fair value through profit or loss. The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

At 5 April 2018 the LLP had net current liabilities of £116,650. The members have prepared and reviewed forecasts and, as part of their assessment of the going concern status of the LLP, they have received the following written confirmations from the Lord Ballyedmond Family Trust. The Trust shall not demand repayment of any loans within twelve months from approval of the financial statements, and shall also provide financial support to enable the LLP to continue trading for a period of no less than twelve months from approval of the financial statements. As a result, the members consider that it is appropriate to prepare the accounts on the going concern basis.

Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax.

Members' participation rights

Members' participation rights are the rights of a member against the LLP that arise under the members' agreement (for example, in respect of amounts subscribed or otherwise contributed, remuneration and profits).

Members' participation rights in the earnings or assets of the LLP are analysed between those that are, from the LLP's perspective, either a financial liability or equity, in accordance with Section 22 of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', and the requirements of the Statement of Recommended Practice 'Accounting by Limited Liability Partnerships'. A member's participation right results in a liability unless the right to any payment is discretionary on the part of the LLP.

Amounts subscribed or otherwise contributed by members, for example members' capital, are classed as equity if the LLP has an unconditional right to refuse payment to members. If the LLP does not have such an unconditional right, such amounts are classified as liabilities.

Where profits are automatically divided as they arise, so the LLP does not have an unconditional right to refuse payment, the amounts arising that are due to members are in the nature of liabilities. They are therefore treated as an expense in the profit and loss account in the relevant year. To the extent that they remain unpaid at the year end, they are shown as liabilities in the balance sheet.

Conversely, where profits are divided only after a decision by the LLP or its representative, so that the LLP has an unconditional right to refuse payment, such profits are classed as an appropriation of equity rather than as an expense. They are therefore shown as a residual amount available for discretionary division among members in the profit and loss account and are equity appropriations in the balance sheet.

Other amounts applied to members, for example remuneration paid under an employment contract and interest on capital balances, are treated in the same way as all other divisions of profits, as described above, according to whether the LLP has, in each case, an unconditional right to refuse payment.

Corby Castle Estates LLP

Notes to the Financial Statements (continued)

Year ended 5 April 2018

3. Accounting policies (continued)

Members' participation rights (continued)

All amounts due to members that are classified as liabilities are presented in the balance sheet within 'Loans and other debts due to members' and are charged to the profit and loss account within 'Members' remuneration charged as an expense'. Amounts due to members that are classified as equity are shown in the balance sheet within 'Members' other interests'.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses.

Investment property

Investment property is initially recorded at cost, which includes purchase price and any directly attributable expenditure. Investment property is revalued to its fair value at each reporting date and any changes in fair value are recognised in profit or loss. If a reliable measure of fair value is no longer available without undue cost or effort for an item of investment property, it shall be transferred to tangible assets and treated as such until it is expected that fair value will be reliably measurable on an on-going basis.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Plant and machinery	-	15% reducing balance
Fixtures and fittings	-	15% reducing balance
Motor vehicles	-	15% reducing balance

Investments

Fixed asset investments are initially recorded at cost, and subsequently stated at cost less any accumulated impairment losses.

Listed investments are measured at fair value with changes in fair value being recognised in profit or loss.

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

4. Employee numbers

The average number of persons employed by the LLP during the year, including the members with contracts of employment, amounted to 19 (2017: 19).
