1. STATUTORY INFORMATION

Slingshot Cartel LLP is registered in England and Wales. The LLP's registered number, registered office address and business address can be found on the Company Information page.

The presentational currency of the financial statements is the Pound Sterling (£).

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the requirements of the Statement of Recommended Practice, Accounting by Limited Liability Partnerships. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover represents the fair value of consideration received or receivable net of VAT.

Revenue for management services is recognised as contract activity progresses. Revenue not billed is included in debtors and payments on account in excess of the relevant amount of revenue are included in creditors.

Tangible fixed assets

Tangible fixed assets are stated at cost (or deemed cost) or valuation less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended by management.

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures & fittings	- 25% reducing balance
Motor vehicles	- 25% reducing balance
Computer equipment	- 33% on cost

Investments in subsidiaries

Investments in subsidiary undertakings are recognised at cost.

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Impairment

At each balance sheet date, the company reviews the carrying amount of its assets to determine whether there is any indication that any items have suffered an impairment loss. If any such indication exists, the recoverable amount of an asset is estimated in order to determine the extent of the impairment loss, if any. Where it is not possible to estimate the recoverable amount of an asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Going concern

The members have a reasonable expectation that the company has adequate resources to continue in existence for the foreseeable future. The company therefore continues to adopt the going concern basis in preparing its financial statements.

3. EMPLOYEE INFORMATION

The average number of employees during the year was 2 (2021 - 3) .
