The East of Scotland Property Investment Company Limited
Notes to the Abbreviated Accounts
for the year ended 31 May 2012

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Investments

Investments are stated at the lower of cost and net realisable value. Net realisable value is the price at which the investments can be realised after allowing for the costs of realisation.

Deferred taxation

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse.
