# NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 JUNE 2011

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

#### 1.2 Turnover

Turnover represents the rents and feuduties receivable for the year.

#### 1.3 Tangible fixed assets and depreciation

Investment properties are included in the balance sheet at their open market value and no depreciation is charged.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

#### 1.4 Investments

Fixed asset investments are stated at cost less provision for diminution in value. For listed investments, market value is based on the closing middle market price on a recognised stock exchange.

#### 1.5 Deferred taxation

Deferred tax is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

No provision has been made for deferred tax on gains recognised on revaluing properties to their market values as there were no committed sales at 30 June 2011. It is estimated that the tax arising, if the properties were sold at their carrying values, would amount to approximately £435,000.
