## NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 31st MARCH 2010

### 1. ACCOUNTING POLICIES

#### Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

#### Turnover

The turnover in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax, with a minor adjustment for on-going work in progress.

#### Fixed assets

All fixed assets are initially recorded at cost.

#### Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Tenants improvements	10 years straight line
Fixtures and fittings	15% reducing balance
Motor vehicles	25% reducing balance
Computer equipment	4 years straight line

The property is classed as residential and the directors are of the view that this property will not depreciate in value.

#### Stocks

Stocks are valued at the lower of cost and net realisable value after making allowance for obsolete and slow moving items. Net realisable value is based on estimated selling price less further costs expected to be incurred to completion and disposal. Cost represents the cost incurred in bringing each product to its present location and condition. For all raw materials and goods for resale, purchase cost is based on a first in first out basis.

#### Work in progress

Work in progress is valued on the basis of direct costs plus attributable overheads based on normal level of activity. Provision is made for any foreseeable losses where appropriate. No element of profit is included in the valuation of work in progress.

#### Operating lease agreements

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

#### Pension costs

The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account.
