**Notes to the Abbreviated Accounts  
For The Year Ended 31 March 2013**

**1. ACCOUNTING POLICIES**

**Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

**Turnover**

Turnover represents income from services supplied in the areas of the company's principal activities, net of value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings	- 5% on reducing balance
Plant and machinery etc	- 25% on reducing balance, 15% on reducing balance and 10% on reducing balance

**Stocks**

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the underlying timing differences can be deducted. Deferred tax is measured at the rates that are expected to apply in the periods in which the timing differences reverse and is not discounted.

**Pension costs and other post-retirement benefits**

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

**Government grants/assistance**

Government grants in respect of capital expenditure are credited to a deferred income account and are released to the profit and loss account by equal annual instalments over the expected useful lives of the relevant assets. Grants of a revenue nature are credited to the profit and loss account in the same period as the related expenditure.
