1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared on a going concern basis which assumes that the company will continue in operational existence for the foreseeable future. The validity of this assumption depends upon the trading performance of the company and the support where necessary of the company's directors and parent company. On the basis that this support will continue in the short to medium term, the directors believe the going concern basis to be appropriate.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).
