Notes to the Abbreviated Accounts
for the Year Ended 30 June 2014

1. **ACCOUNTING POLICIES**

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the gross amount of rental income received.

Freehold property

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings - not provided

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Properties

The company's properties are held for long term investment and in accordance with Statement of Standard Accounting policy 19:

i) Investment properties are revalued annually and the aggregate surplus or deficit is transferred to a revaluation reserve; and

ii) No depreciation or amortisation is provided in respect of heritable investment properties.

The requirement of the Companies Act 2006 is to depreciate all properties, but this conflicts with the generally accepted accounting principle set out in SSAP 19. The directors consider that, as properties are not held for consumption but for investment, to depreciate them would not give a true and fair view and that it is necessary to adopt SSAP 19 in order to give a true and fair view. If the departure for the Act had not been made, there would be no further depreciation accounted for as the property has been fully depreciated.
