The company was entitled to exemption from audit for this reporting period under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The Director acknowledges their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime. The directors have chosen to not file a copy of the company's profit and loss account.

The financial statements were approved and authorised for issue by the Director on 9 June 2022, and are signed on its behalf by:

Notes to the Financial Statements for the year ended 31 March 2022

1. STATUTORY INFORMATION

The company is a private company limited by shares and registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

2. COMPLIANCE WITH APPLICABLE REPORTING FRAMEWORK

The financial statements have been prepared in compliance with FRS 102 Section 1A as it applies to the financial statements for the period and there were no material departures from the reporting standard.

3. ACCOUNTING POLICIES

Turnover policy

Income represents rents receivable in the year.

Property, plant and equipment policy

Tangible fixed assets are stated at cost or valuation less depreciation. Depreciation is provided on all tangible fixed assets as follows:

	Reducing balance (%)	Straight line (years)
Plant and machinery	25	-
Vehicles	25	-
Office Equipment	-	3

Investment property policy

Investment property is shown at its open market value. The surplus or deficit arising from the annual revaluation is transferred to the investment revaluation reserve unless a deficit, or its reversal, on the investment property is expected to be permanent, in which case it is recognised in the profit and loss account for the year.

This is in accordance with FRSSE which, unlike the Companies Act 2006, does not require depreciation of investment properties. Investment property is held for its investment potential and not for use by the company and so its current value is of prime importance. The departure from the provisions of the Act is required to give a true and fair view.

Deferred tax policy

Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference, except for revalued land and investment property where the tax rate that applies to the sale of the asset is used.

Current and deferred tax assets and liabilities are not discounted.

Going concern

The financial statements have been prepared on the going concern basis. The director finds it appropriate for the financial statements to be prepared on this basis despite the net current liability position of the company. The company is reliant upon the continued support of the director who has confirmed he will continue to support the company as required.
