Notes to the Abbreviated Accounts for the Year Ended 31 January 2015

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention (as modified by the revaluation of certain fixed assets) and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

Turnover

Turnover is the amount receivable for the provision of goods and services falling within the company's ordinary activities, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery - 20% on cost Fixtures and fittings - 20% on cost Computer equipment - 20% on cost

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

In accordance with SSAP 19, no depreciation is charged in respect of investment properties. The policy represents a departure from the requirements of the Companies Act 1985, to provide systematic annual depreciation for fixed assets. However, as these properties are held for investment and not consumption, the directors consider the adoption of this policy necessary to give a true and fair view.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax, or a right to pay less tax, or a right to receive a repayment of tax.

Deferred tax assets are recognised only to the extent that the directors consider it more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.
