The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 September 2013.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 September 2013 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 30 SEPTEMBER 2013

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net sales of goods excluding value added tax. Turnover is recognised when the company obtains the right to consideration.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings	- not provided
Plant and machinery etc	- 20% on reducing balance and 10% on reducing balance

Freehold buildings are depreciated to write down the cost or revalued amount less estimated residual value over their remaining useful life by equal annual instalments. Where buildings are maintained to such a standard that their estimated residual value is not less than their cost or valuation, no depreciation is charged as it is not material.

The above policy in relation to freehold buildings is not in accordance with the Companies Act which require all tangible fixed assets to be depreciated.

If a depreciation rate of 2% per annum straight line had been applied then a charge to the financial statements of £12,018 in respect of depreciation would have resulted.

The company has taken advantage of the transitional provisions of FRS15 "Tangible Fixed Assets" and retained the book amount of certain freehold property which was revalued prior to the implementation of the standard. The property was last revalued in 1995 and the valuations have not subsequently been updated.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Full provision has been made for deferred taxation in respect of timing differences that have originated but not reversed at the balance sheet date, at rates expected to apply when they crystallise, based on current tax rates and law. Deferred tax assets are recognised to the extent that their recoverability is more likely than not. Deferred tax assets and liabilities are not discounted.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
