## Notes to the Abbreviated Accounts for the Year Ended 31 December 2007

### 1 ACCOUNTING POLICIES

### Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007)

#### Turnover

Turnover represents net invoiced sales of services, excluding value added tax

### Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life

Freehold property

not provided

Freehold Property consists of Heritable Investment Properties as defined by SSAP 19 In accordance with SSAP 19, Heritable Investment Properties are revalued annually and the aggregate surplus or deficit is transferred to revaluation reserve. No depreciation is provided in respect of investment properties.

The Companies Act 1985 requires all property to be depreciated However this requirement conflicts with the generally accepted accounting principle set out in SSAP 19. The director's consider that, because these properties are not held for consumption, but for their investment potential, to depreciate would not give a true and fair view

### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date
