NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 31 DECEMBER 2014

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The financial statements have been prepared on the going concern basis which assumes that the company will have adequate resources to enable it to trade for the foreseeable future. The company relies on its bank facilities which are kept under review by the company's bankers.

The company's trading results have improved since the year end and based on discussions with the company's bankers, the directors are confident that they will continue to make the required bank facilities available. On this basis, the directors are satisfied that the company will be able to meet its liabilities as they fall due for the foreseeable future.

The financial statements do not include any adjustments that would arise if the company was unable to continue as a going concern.

1.2 Turnover

Turnover represents the total invoice value, excluding value added tax, of fees receivable during the year.

1.3 Goodwill

Acquired goodwill is written off in equal annual instalments over its estimated useful economic life of ten years.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Land and buildings	- Nil
Fixtures, fittings & equipment	- 10% reducing balance and 25% straight line
Motor vehicles	- 25% reducing balance

While the non-depreciation of buildings does not comply with the requirements of the Companies Act 2006, the directors are of the opinion that since the buildings are maintained to a high standard, any depreciation would be immaterial and therefore it is not considered appropriate to depreciate the buildings.

1.5 Stock

Stock is valued at the lower of cost and net realisable value.

1.6 Pensions

The company operates a defined contribution scheme for the benefit of its employees. Contributions payable are charged to the profit and loss account in the year they are payable.

1.7 Deferred taxation

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not they will be recovered. Deferred tax assets and liabilities are not discounted.
