The directors are satisfied that the company is entitled to exemption from the provisions of the Companies Act 2006 (the Act) relating to the audit of the financial statements for the year by virtue of section 477, and that no member or members have requested an audit pursuant to section 476 of the Act.

The directors acknowledge their responsibilities for:

- (i) ensuring that the company keeps adequate accounting records which comply with section 386 of the Act, and
- (ii) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 393, and which otherwise comply with the requirements of the Act relating to financial statements, so far as applicable to the company.

These abbreviated accounts have been prepared in accordance with the special provisions for small companies under Part 15 of the Companies Act 2006.

These abbreviated accounts were approved by the directors and authorised for issue on 18th March 2013, and are signed on their behalf by:

Mr G F Anderson

Director

Company Registration Number: SC180075

The notes on pages 2 to 3 form part of these abbreviated accounts.

Notes to the Abbreviated Accounts

Year Ended 31st October 2012

1. Accounting Policies

Basis of Accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents amounts receivable for services provided in the normal course of business, net of trade discounts, VAT and other sales related taxes.

Fixed Assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Heritable Property	- 2% straight line
Plant & Machinery	- 15% - 33.3% straight line
Motor Vehicles	- 25% reducing balance

Stocks

Stock and work-in-progress are valued at the lower of cost or net realisable value. Cost comprises the cost of materials, direct labour and production overheads.

Work in Progress

Work in progress has been valued on the basis of direct costs plus attributable overheads based on normal level of activity, and in accordance with UITF 40 guidelines, includes a proportion of the profit expected to arise on completion, depending on the stage of completion at the year end. Provision has been made for any amounts which are considered to be non-recoverable.

Deferred Taxation

Deferred tax is recognised in respect of timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.
