Notes to the Abbreviated Accounts
for the year ended 31st October 2011

1. Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention, in accordance with applicable accounting standards, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2 Turnover

Turnover represents revenue recognised in the accounts. Revenue is recognised when the business fulfils its contractual obligations to customers by supplying goods and services and excludes value added tax. Where services are performed gradually over time revenue is recognised as activity progresses by reference to the value of the work performed.

1.3 Leasing

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

1.4 Pensions

The pension cost charged in the financial statements represents the contributions payable by the company during the year.

2. Share capital

	2011	2010
	£	£
Allotted, called up and fully paid		
1 Ordinary A share of £1	1	1
1 Ordinary B share of £1	1	1
	<u>2</u>	<u>2</u>

3. Going concern

The balance sheet shows that liabilities exceed assets by £4,846, including a liability of £298 due to the director. The director has confirmed that he will maintain his financial support for the foreseeable future to enable the company to continue normal trading operations. The financial statements are therefore drawn up on a going concern basis.
