### Notes to the abbreviated financial statements for the year ended 30 April 2005

#### 1. Accounting policies

#### 1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

#### 1.2. Turnover

Turnover represents the total invoice value of sales made during the year.

#### 1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Fixtures, fittings

and equipment Motor vehicles 20% Reducing balance

- 25% Reducing balance

#### 1.4. Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

#### 1.5. Stock

Stock is valued at the lower of cost and net realisable value.

#### 1.6. Going concern

During the year the company made a profit of £2,843 and at the balance sheet date its current liabilities exceeded its current assets by £2,869. The company meets its day to day working capital requirements from its bank funds and a loan from the directors. The financial statements have been prepared on a going concern basis which assumes that the company will continue in operational existence for the foreseeable future.

The validity of the assumption depends on the continuing support of the Directors. If the company was unable to continue in operational existence for the foreseeable future, adjustments would have to be made to amend the balance sheet values to their recoverable amounts and to provide for further liabilities that might arise. The directors consider, however, that it is still appropriate to prepare the financial statements on a going concern basis, despite the above uncertainty.
