Directors' responsibilities and audit exemption statement

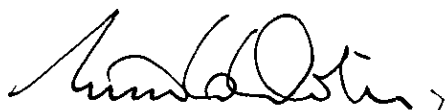

In the opinion of the directors, the company is entitled to audit exemption under subsection (1) of section 477 of the Companies Act 2006. The members have not requested the company obtain an audit in accordance with section 476 of the Companies Act 2006 for the financial year and the directors acknowledge their responsibilities for:-

- i) ensuring that the company keeps accounting records which comply with section 386 of the Companies Act 2006; and
- ii) preparing accounts which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial year in accordance with the requirements of section 393 and which otherwise comply with the requirements of the Companies Act 2006 relating to accounts, so far as applicable to the company.

Abbreviated accounts statement

The abbreviated accounts have been prepared in accordance with the special provisions relating to companies subject to the small companies regime.

The abbreviated accounts on pages 1 to 4 were approved by the Directors on 9 September 2009, and signed:

Michael Davidson
Director

ABBOTSFORD HOMES LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS

1. ACCOUNTING POLICIES

Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention and include the results of the company's operations which are described in the Directors' Report and all of which are continuing.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company. In all other respects, the financial statements are in accordance with applicable accounting standards.

Turnover

Turnover consists of the invoiced value (excluding VAT) of services supplied to third parties adjusted for opening and closing work in progress.

Going concern

At the balance sheet date the company had a deficiency of net assets of £16,810 (2008 - £9,032). The company is financed by bank term loans and a third party loan. The accounts have been prepared on a going concern basis which assumes that the company will continue to trade. The validity of this assumption is dependent on future profitable trading and continued financial support from the company's bankers and creditors.

If the going concern is not appropriate, adjustments would require to be made to restate the value of assets to recoverable amounts, to reclassify fixed assets as current assets and to recognise any additional liabilities arising from cessation of business.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is calculated to write off the cost or valuation, less residual value, of all fixed assets over their estimated useful lives as follows:-

Equipment	4 years reducing balance
Motor vehicles	4 years reducing balance

Stocks and work in progress

Stocks and work in progress are stated at the lower of cost and net realisable value.

Work in progress is all of a short term nature and the transition to sales is only applicable when a house or office is more than 90% complete and the date of entry is within the trading period.

The cost of work in progress comprises material, labour and attributable overheads. The site costs for roads, sewers and other general site costs are divided equally among the house or office plots and a due proportion plus estimated costs to complete are absorbed into costs of sales on transition to sales for any house or office plot.

Any showhouse is included in work in progress on the same basis as other work in progress, and showhouse furniture and effects are held at cost until sold.

ABBOTSFORD HOMES LIMITED**NOTES TO THE ABBREVIATED ACCOUNTS (Cont'd)****1. ACCOUNTING POLICIES (Cont'd)****Taxation**

The charge for taxation is based on the result for the period and takes into account taxation deferred because of timing differences between the treatment of certain items for accounting and taxation purposes. Full provision for deferred taxation is made on a non-discounted basis under the expected liability method only to the extent that it is probable that the timing difference will reverse. However, deferred tax assets are only recognised where it is reasonably certain that suitable taxable profits will enable reversal.
