Report of the Independent Auditor to
Swiftbrae Limited
Under Section 449 of the Companies Act 2006

I have examined the abbreviated accounts set out on pages three to five, together with the full financial statements of Swiftbrae Limited for the year ended 31 December 2009 prepared under Section 396 of the Companies Act 2006.

This report is made solely to the company, in accordance with Section 449 of the Companies Act 2006. My work has been undertaken so that I might state to the company those matters I am required to state to it in a special auditor's report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the company, for my work, for this report, or for the opinions I have formed.

Respective responsibilities of director and auditor

The director is responsible for preparing the abbreviated accounts in accordance with Section 444 of the Companies Act 2006. It is my responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with the Regulations made under that Section and to report my opinion to you.

Basis of opinion

I conducted my work in accordance with Bulletin 2008/4 issued by the Auditing Practices Board. In accordance with that Bulletin I have carried out the procedures I consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered are properly prepared.

Opinion

In my opinion the company is entitled to deliver abbreviated accounts prepared in accordance with Section 444(3) of the Companies Act 2006, and the abbreviated accounts have been properly prepared in accordance with the Regulations made under that Section.

Other information

On 12 December 2011 I reported as auditor to the shareholders of the company on the full financial statements for the year ended 31 December 2009 prepared under Section 396 of the Companies Act 2006, and my report included the following extract:

"Going Concern

Without qualifying our opinion, we draw attention to Note 1 in the financial statements which indicates that the Company made a net profit of £125,658 during the year ended 31 December 2009 and, as of that date, the Company's current liabilities exceeded its current assets by £1,245,232. These conditions, as set forth in Note 1, indicate the existence of a material uncertainty which may cast significant doubt about the company's ability to continue as a going concern."

Notes to the Abbreviated Accounts
for the Year Ended 31 December 2009

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

Going Concern

The company made a net profit for the year of £125,658 and has net current liabilities of £1,245,232 at the year end. The ability of the company to meet its liabilities as they fall due is dependent on the continued provision of borrowing facilities from the company's bankers and the support of the director/shareholder who has made a loan to the company and has granted a personal guarantee to the bank. He will not seek repayment of his loan to the company to the detriment of other creditors. He will continue to provide financial support to allow the company to meet its liabilities as they fall due. However, there remains material uncertainty over whether the company can continue as a going concern.

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents rents receivable, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery - 20% on cost

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Investment Properties

Investment properties are shown at their open market value. The surplus or deficit arising from the revaluation is transferred to the investment revaluation reserve unless a deficit, or its reversal, on an individual property is expected to be permanent, in which case it is recognised in the profit and loss account for the year.

This is in accordance with the FRSE, which, unlike the Companies Act 2006, does not require depreciation of investment properties. Investment properties are held for their investment potential and their current value is of prime importance. This departure from the provisions of the Companies Act is required in order to give a true and fair view.

2. TANGIBLE FIXED ASSETS

	Total £
COST OR VALUATION

The investment property is held for letting and was revalued on an open market basis at 31 December 2009, by the director, the director considers the current value to be in line with this valuation.

If the accounting treatment for investment properties had not been adopted there would have been a depreciation charge on Land and buildings of £127,500 for the year and £754,000 cumulatively.

3. CREDITORS

Creditors include an amount of £6,077,018 (31.12.08 - £6,121,195) for which security has been given.
