**Notes to the Abbreviated Accounts
For The Year Ended 31 October 2014**

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business has been fully amortised in the current year.

The director reviewed the component elements of goodwill during the year ended 30 April 2005 and determined that the balance at 30 April 2004 should be written off over two years . He did so on the grounds that he foresaw a changing market place for similar businesses having conducted various marketing exercises in conjunction with a business profile of the customer base acquired. The director considers that this policy remains appropriate. During the period under review this goodwill was disposed.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Deferred tax

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statement and recognition in the tax computation.

A net deferred tax asset is recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company makes contributions on behalf of senior staff to employee maintained stakeholder defined contribution schemes.

2. CALLED UP SHARE CAPITAL

Allotted, issued and fully paid:
