The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 March 2015.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 March 2015 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the director on 29 December 2015 and were signed by:

A Narey - Director

**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2015**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared on the going concern basis which assumes that the company will continue in operational existence for the foreseeable future. At 31 March 2015 the company's current liabilities exceeded its current assets by £6,340 (2014: £6,853). The company is thus dependent on the continuing financial support of its creditors. The directors are confident of this continuing support and of the company's long term trading prospects and on this basis considers it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from withdrawal of financial support.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the amounts derived from the provision of goods and services which fall within the company's ordinary activities and is stated net of Value Added Tax. Revenue is recognised on the despatch of goods.

Deferred tax

The tax expense represents the sum of the corporation tax and deferred tax charge for the year.

The tax currently payable is based on taxable profit for the year. The company's liability for current tax is calculated using the tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is measured on differences between the carrying amounts of assets and liabilities in the accounts and the corresponding tax bases, as used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all temporary timing differences that have originated but not reversed by the balance sheet date and are not recognised as permanent differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available in the future. Deferred tax is calculated at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

2. CALLED UP SHARE CAPITAL

Allotted, issued and fully paid:

Number:	Class:	Nominal value:	2015 £	2014 £
100	Ordinary	£1.00	100	100
