Notes to the Financial Statements

For the year ended 28TH FEBRUARY 2009

1 Accounting Policies

Basis of Accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

Turnover

Turnover represents net invoiced sales of goods, net of valued added tax and trade discounts.

Depreciation

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures & Fittings Motor Vehicles

Stocks

Stocks are stated at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Government Grants

Grants relating to the funding of capital expenditure are credited to deferred income and released to the profit and loss account over the assets anticipated useful life.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Leasing and hire purchase commitments

Assets held under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet and depreciated over their useful life.

The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding.

Rentals paid under operating leases are charged to income on a straight line basis over the lease term.

Pensions

The company operates a defined contribution pension scheme. Contributions are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

2 Operating Profit

The operating profit is stated after charging:

Depreciation - owned assets Director's emoluments 2009 2008 £ £
