The Company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 December 2013.

The members have not required the Company to obtain an audit of its financial statements for the year ended 31 December 2013 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the Company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the Company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the Company.

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the director on 26 September 2014 and were signed by:

J Cagua - Director

**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 DECEMBER 2013****1. ACCOUNTING POLICIES****Accounting convention**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The financial statements have been prepared on the going concern basis, the validity of which depends upon the continued support of the company's director. At the balance sheet date the company's liabilities exceeded its assets by £13,085.

The company meets its day to day working capital requirements with the support of its director, who has agreed not to seek repayment of the amounts owed to him in advance of other creditors.

For the above reason, the director considers it appropriate to prepare the financial statements on the going concern basis.

Exemption from preparing a cash flow statement

The Company has adopted the Financial Reporting Standard for Smaller Entities (effective April 2008) and is consequently exempt from the requirement to include a cash flow statement in the financial statements.

Turnover

The turnover shown in the profit and loss account represents the value of all services delivered during the year, at selling price exclusive of Value Added Tax. Sales are recognised at the point at which the company has fulfilled its contractual obligations to the customer.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Equipment	- 25% reducing balance
Motor vehicle	- 25% reducing balance

Tangible fixed assets are stated at cost less depreciation. Cost represents purchase price together with any incidental costs of acquisition.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Cost is calculated using the first-in first-out method and includes the normal cost of transporting stock to its present location and condition.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more tax, or a right to pay less tax, or a right to receive repayments of tax.

Deferred tax assets are recognised only to the extent that the directors consider it more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax assets and liabilities recognised have not been discounted.

Deferred tax is measured on a non-discounted basis at the average tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

NOTES TO THE ABBREVIATED ACCOUNTS - continued
FOR THE YEAR ENDED 31 DECEMBER 2013

1. ACCOUNTING POLICIES - continued**Financial Instruments**

Financial instruments are classified and accounted for as financial assets, financial liabilities or equity instruments, according to the substance of the contractual arrangement.

Financial instruments which are assets are stated at cost less any provision for impairment. Financial liabilities are stated at principal capital amounts outstanding at the period end. Issue costs relating to financial liabilities are deducted from the outstanding balance and are amortised over the period to the due date for repayment of the financial liability.

An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. A financial liability is any contractual arrangement for an entity to deliver cash to the holder of the associated financial instrument.

2. TANGIBLE FIXED ASSETS

	Total £
COST	
At 1 January 2013	
and 31 December 2013	<u>8,347</u>
