1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective April 2008).

Going concern

The director considers that, notwithstanding the company's negative net assets position, it is appropriate to prepare the accounts on a going concern basis as the company will be able to continue to meet its liabilities as they fall due and there are no material uncertainties or conditions that may cast significant doubt about the ability of the company to continue as a going concern.

Turnover

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers.

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Office equipment	33% straight line

2 Fixed assets

	Tangible assets	Total
