# Progress in the final period and in the Administration

#### Asset realisations

The receipts and payments account attached at Appendix C details the asset realisations during the Final Period.

No assets have been realised during the Final Period.

#### Sale of the Business

The Joint Administrators completed the sale of the Company's business and assets on 12 June 2020 to TDC. The total consideration was £250,000, comprising:

Plant & Machinery: £180,000

Stock and Work in Progress: £10,000

Book Debts: £59,995

- Business Intellectual Property, Customer Contracts, Goodwill, Records and Systems: £5

#### Cash at Bank

The sum of £1,536 was transferred from the Company's bank account following appointment.

#### Funds received under Licence to Occupy

As part of the sales process, a LTO was agreed with the purchaser of the business and assets. This was to allow time to conduct negotiations with the landlord in respect of the trading and storage premises with regard to an assignation or surrender of the leases.

The lease for the Company's premises at Rosyth and Dunfermline were surrendered on 3 July 2020 and 11 August 2020 respectively.

The funds received under the LTO of £37,136 were used by the Administrators to meet rental payments due under each lease.

#### Purchaser Funds re Post-Sale Costs

A total of £50,506 has been received from the purchaser in relation to a recharge under the sale agreement for employee wages. This related to the post-sale period costs which had been paid by the Company in the pre-appointment period.

#### **Sundry Refunds**

Sundry Refunds totalling £30,410 has been received in the Administration. £30,343 of this relates to a claim in relation to the CJRS (Coronavirus Job Retention Scheme) for staff who were on furlough. This claim was submitted by the Company prior to the Administration and received after appointment.

A refund of £67 has also been received from HSBC Bank Plc.

#### **Bank Interest**

A total of £92 has been received in the Administration.

#### **Book Debts - ENI Pakistan**

Pakistan tax authorities withheld tax which arose pre-appointment and was calculated to be c£110k. BDO Pakistan provided advice, confirming the validity of the withholding tax by Pakistan; and there is no prospect of further recoveries in this case.

All recoverable assets have been realised.

#### Investigations

As previously advised the Joint Administrators have completed a review of the Company's affairs and have submitted a confidential statutory report on the conduct of the directors to the disqualification unit of the Department for Business, Energy & Industrial Strategy.

The Joint Administrators concluded there are no actions to pursue for the benefit of creditors.

#### Distributions to creditors

#### Secured creditors

The secured creditors in the Administration are AIB and MDP. AIB was owed £9.5m and MDP £7.2m at the date of appointment.

There is an inter-creditor agreement in place between AIB and MDP confirming AIB as first ranking charge-holders and the MDP as second-ranking charge-holders. The Company is liable for both debts under a corporate cross-guarantee. Based on present information, it is anticipated that the recovery on the intercompany debt will not be sufficient to generate a distribution to AIB as first ranking charge-holder and that they will suffer a shortfall on its lending. Therefore, there will be no recovery to MDP under its second-ranking charge.

#### Preferential creditors

Preferential creditors' claims totalling £21,510 were admitted for dividend purposes in this Administration. The preferential claims comprised of the following:

A claim of £17,463 was received from the Company's pension provider and was paid in full on 23 September 2020.

Further preferential claims have been received from Unite the Union and Company employees for union and pension deductions which had not been paid over to the Union and to the pension provider prior to our appointment, totalling £1,136, and payment has been made in full in the period.

A preferential claim has also been received from the Redundancy Payments Service in the sum of £2,912 for holiday pay accrued and not paid. This preferential claim has also been paid in full.

All preferential creditors have been paid in full.

#### Prescribed Part - Unsecured creditors

Unsecured creditor claims totalling £18,715,944 have been received.

Under Section 176A of the Insolvency Act 1986 where after 15 September 2023 the Company has granted to a floating charge, a proportion of the net property of the company, the Prescribed Part, must be made available purely for the unsecured creditors.

In this case, the Company granted a floating charge after 15 September 2003 and the Prescribed Part provisions do apply in this Administration.

However, after allowing for the costs of the Administration and payment of the preferential claims there are insufficient funds to make a distribution to unsecured creditors in this case.

#### Joint Administrators' discharge from liability

Approval that the Joint Administrators be discharged from liability on the registration of the notice to move from Administration and the final progress report with the registrar of companies has been obtained from the secured creditors and the preferential creditors.

#### Other matters

In addition to the above matters, we have dealt with all statutory matters required by legislation and administrative work incidental to our duties as Joint Administrators in this Administration.

#### **Pre-Administration costs**

Approval was obtained for the payment of the pre-Administration costs as detailed in the Proposals of £50,000 from the secured creditor and preferential creditors.

Pre-Administration costs of £50,000 have been drawn previously as shown on the enclosed receipts and payments account at Appendix C.

#### Joint Administrators' remuneration

The Joint Administrators' remuneration was approved on a time costs basis.

Time costs of £200,747 have been incurred over 840 hours at an average rate of £239 per hour. During the Final Period, time costs of £12,629 were incurred over 53 hours at an average rate of £238 per hour. The Joint Administrators have drawn total remuneration of £92,881, in line with the approval given, as shown on the enclosed receipts and payments account at Appendix C.

A detailed report of the time incurred by the Joint Administrators and a narrative of the work done during the Final Period is attached in Appendix D.

#### Joint Administrators' expenses

Expenses paid during the Administration and in the Final Period are detailed in the receipts and payments account at Appendix C.

A breakdown of expenses incurred is set out in Appendix E.

#### Outcome of the Administration

In accordance with Paragraph 3(1)(c) of Sch.B1 to the Act, the Joint Administrators have sufficiently achieved the statutory purpose of the Administration c) realising property in order to make a distribution to one or more secured or preferential creditors.

The Company will move from Administration to dissolution.
