The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 March 2020.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 March 2020 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

Page 2 continued...

## **Statement of Financial Position - continued 31 March 2020**

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

In accordance with Section 444 of the Companies Act 2006, the Income Statement has not been delivered.

The financial statements were approved by the Board of Directors and authorised for issue on 23 November 2020 and were signed on its behalf by:

A R Stronach - Director

## Notes to the Financial Statements for the Year Ended 31 March 2020

#### 1. STATUTORY INFORMATION

A & L Stronach Limited is a private company, limited by shares, registered in Scotland. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

## 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

#### 3. ACCOUNTING POLICIES

#### Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention.

#### Revenue recognition

Turnover is measured at fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax.

Income is recognised when the service has been provided, when the amount of revenue can be measured reliably and when it is probable that future economic benefits will flow to the entity. If a customer has not been invoiced for services provided during the period the income is accrued and included in debtors under prepayments and accrued income.

#### Intangible assets

Intangible assets are initially measured at cost. After initial recognition, intangible assets are measured at cost less any accumulated amortisation and any accumulated impairment losses.

#### Tangible fixed assets

Tangible fixed assets are stated at cost (or deemed cost) less accumulated depreciation and accumulated impairment losses.

Land and buildings is comprised of freehold property. The company accounts for land and buildings using the historic cost model. It is the opinion of the directors that the valuation is not materially different from cost.

Depreciation in respect of Freehold Property is not being charged on the acquisition cost of the land, only on the building thereon. Depreciation on other assets is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance agreement, over the lease term, whichever is the shorter.

Freehold Property - 4% on cost Plant and Machinery - 15% on reducing balance Fixtures and Fittings - 10% on cost Motor Vehicles - 25% on reducing balance Computer Equipment - 33% on reducing balance

### Inventories

Inventories have been valued at the lower of costs and estimated selling price less costs to sell.

Page 4 continued...

## Notes to the Financial Statements - continued for the Year Ended 31 March 2020

#### 3. ACCOUNTING POLICIES - continued

#### Financial instruments

The following assets and liabilities are classified as financial instruments - trade debtors, trade creditors and directors' loans.

Bank loans are initially measured at the present value of future payments, discounted at a market rate of interest, and subsequently at amortised cost using the effective interest method.

Directors loans (being repayable on demand), trade debtors and trade creditors are measured at the undiscounted amount of cash or other consideration expected to be paid or received.

Financial assets that are measured at amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in profit and loss.

#### **Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

#### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

### Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

#### Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

## Short term employee benefits

Short term employee benefits, including holiday pay, are recognised in the profit and loss in the period in which they are incurred.

Page 5 continued...

## Notes to the Financial Statements - continued for the Year Ended 31 March 2020

### 3. ACCOUNTING POLICIES - continued

#### Rental income

Rental income from operating leases is recognised on a straight-line basis over the term of the relevant lease unless the lease payments are structured to increase in line with expected general inflation in which case the income is recognised as revenue in accordance with the expected payments. Rental income is included in Other operating income.

#### Pension costs

The company pays contributions to a third party pension provider on behalf of its employees. The payments are charged to the profit and loss account in the period to which they relate.

### 4. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 7 (2019 - 8).
