**Report of the Independent Auditors to
Hazledene (Coalsnaughton) Limited
Under Section 449 of the Companies Act 2006**

We have examined the abbreviated accounts set out on pages four to six, together with the full financial statements of Hazledene (Coalsnaughton) Limited for the year ended 31 December 2011 prepared under Section 396 of the Companies Act 2006.

This report is made solely to the company, in accordance with Section 449 of the Companies Act 2006. Our work has been undertaken so that we might state to the company those matters we are required to state to it in a special auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company, for our work, for this report, or for the opinions we have formed.

Respective responsibilities of director and auditors

The director is responsible for preparing the abbreviated accounts in accordance with Section 444 of the Companies Act 2006. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with the Regulations made under that Section and to report our opinion to you.

Basis of opinion

We conducted our work in accordance with Bulletin 2008/4 issued by the Auditing Practices Board. In accordance with that Bulletin we have carried out the procedures we consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered are properly prepared.

Opinion

In our opinion the company is entitled to deliver abbreviated accounts prepared in accordance with Section 444(3) of the Companies Act 2006, and the abbreviated accounts have been properly prepared in accordance with the Regulations made under that Section.

Other information

On 28 June 2013 we reported as auditors to the shareholders of the company on the full financial statements for the year ended 31 December 2011 prepared under Section 396 of the Companies Act 2006, and our report included the following extract:

"Emphasis of Matter - Going concern

In forming our opinion on the financial statements, which is not modified, we have considered the adequacy of the disclosures made in Note 1 of the financial statements concerning the Company's ability to continue as a going concern. The company incurred a net loss of £2,308,751 during the year ended 31 December 2011 and, at that date, it had net liabilities of £2,518,919.

Whilst no formal bank facilities are in place, the Director is confident, after discussions with the bank, that the loan will not be recalled in the short term until the development is sold and agreement is reached on how the remaining debt will be satisfied.

These conditions, along with the other matters explained in note 1 to the financial statements, indicate the existence of a material uncertainty which may cast doubt on the company's ability to continue as a going concern. The financial statements do not include the adjustments that would result if the company were unable to continue as a going concern."

Notes to the Abbreviated Accounts for the Year Ended 31 December 2011

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

Going concern

The financial statements have been prepared on a going concern basis which assumes that the company will continue to meet its obligations as they fall due for at least 12 months from the date of approval of the financial statements. During the year the company made a net loss of £2,308,751 and had net liabilities of £2,518,919 at the year end.

The company has financed its work in progress with the assistance of a bank loan. This bank loan was due to be repaid in full on 28 February 2012. At the current time the development is being marketed for sale, however it remains within the company and the loan remains intact. Whilst no formal bank facilities are in place, at the time of approving the financial statements, the Director is in negotiations with the company's bankers for refinancing of the borrowings.

The company's ability to continue as a going concern is dependent on its ability to obtain continued financing. The company's financial statements do not reflect adjustments to the carrying values and classification of assets and liabilities that might be necessary should the company be unable to continue as a going concern. Such adjustments may be material.

The Director recognises that the company also relies on the financial support provided by Hazledene Group Limited, the company's intermediate parent undertaking. Hazledene Group Limited has confirmed that it will continue to support the company for a period not less than 12 months from the date of the approval of these financial statements. Accordingly, the Director considers that it is appropriate to prepare the financial statements on a going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Stocks

Work in progress is stated at the lower of cost and net realisable value.

Costs represent direct material plus attributable overheads and finance charges incurred in development.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.
