Notes to the Abbreviated Accounts for the period ended 31 July 2013**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents proceeds from services provided to clients, net of VAT, and rental income from investment property. Revenue is recognised in accordance with contract terms.

Tangible assets depreciation policy

Investment properties are stated at their market value at the balance sheet date and no depreciation is provided in accordance with the Financial Reporting Standard for Smaller Entities (effective 2008). Such properties are held for their investment potential and not for consumption in the business. It is considered that this departure from the Companies Act 2006, requiring all properties to be depreciated, still provides a true and fair view of the accounts.

Other accounting policies**Pension costs**

Contributions to a defined contribution pension scheme are charged to the profit and loss account as they become payable in accordance with the rules of the scheme.

2 Fixed assets Investments**Investment property**

The investment property, which is leased out by the company, is shown at a value which the directors believe represents a fair valuation of the property at the balance sheet date.

3 Called Up Share Capital
