#### Notes to the Abbreviated Accounts

For the year ending 31 August 2011

### Accounting policies

### Basis of preparing the financial statements

At the year end, the company's liabilities exceeded its assets by £32,505 (2010 - £19,012). The company meets its day to day working capital requirements through a bank overdraft and a term bank loan. The Director is confident about future trading conditions and that the company will continue to operate. These accounts are prepared on the going concern basis.

### Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

### Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

#### Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

#### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

## Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

## Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and machinery 20% on cost

Motor vehicles 25% on reducing balance

Computer equipments 33% on cost
