1 Accounting Policies

Basis of measurement and preparation of accounts

Basis of Preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Tangible assets depreciation policy

Depreciation is charged to write off the cost of the asset less the residual value over the estimated useful economic life.

Plant and Machinery - 20% reducing balance

Other accounting policies

Financial Instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The correspondence dividends relating to the liability component are charged as interest expense in the profit and loss account.
