The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 October 2016.

The members have not required the company to obtain an audit of its financial statements for the year ended 31 October 2016 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the director on 13 June 2017 and were signed by:

M J Connolly - Director

Notes to the Abbreviated Accounts
For The Year Ended 31 October 2016

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared on the going concern basis. The Director considers that the going concern basis is appropriate as although the company has net liabilities, these are principally represented by sums due to the Director and other creditors who have confirmed their continued support.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover is stated net of VAT and trade discounts. Turnover from the sale of goods is recognised when the goods are physically delivered to the customer. Turnover from the supply of services represents the value of services provided to the extent that there is a right to consideration and is recorded at the value of the consideration due.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Improvements to property	- 20% on cost
Fixtures and fittings	- 25% on reducing balance
Computer Equipment	- 33.33% on cost

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future, or a right to pay less tax in the future, have occurred at the balance sheet date. Timing differences are differences between the Company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains or losses in tax assessments in periods different from those in which they are recognised in the financial statements. Deferred tax assets are recognised to the extent they are recoverable and where future taxable profits are anticipated.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.
