The first part of the report deals with the general situation of the country and the progress of the work during the year. It is followed by a detailed account of the various projects and the results obtained. The report concludes with a summary of the work done and the prospects for the future.

The work has been carried out in accordance with the plan laid down in the previous report. The main objects of the work have been to determine the extent of the disease and to find out the causes of it. It has been found that the disease is widespread and that it is caused by a virus which is transmitted by insects.

The results of the work have been as follows:—

1. The disease is widespread and is caused by a virus which is transmitted by insects.

2. The disease is not fatal and can be cured by the use of certain drugs.

3. The disease can be prevented by the use of certain measures.

The work has been carried out in a very efficient manner and the results are of great value. It is hoped that the work will be continued in the future.
