Director's responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476 ;
- The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements .

These financial statements were approved by the board of directors and authorised for issue on 22 June 2022 , and are signed on behalf of the board by:

J. S. Bryant

Director

Company registration number: SC383489

Brave Broadcasting Ltd

Notes to the Financial Statements

Year ended 31 December 2021

1. General information

The company is a private company limited by shares, registered in Scotland. The address of the registered office is 272 Bath Street, Glasgow, G2 4JR, Scotland.

2. Statement of compliance

These financial statements have been prepared in accordance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland' and the Companies Act 2006.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

The director has a reasonable expectation that the company has adequate resources to continue operational existence for the foreseeable future. For this reason, the director continues to adopt the going concern basis of accounting in preparing the annual financial statements.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods supplied and services rendered, stated net of discounts and of Value Added Tax. Revenue from the sale of goods and services is recognised when the significant risks and rewards of ownership of the goods have transferred to the buyer, usually on despatch of the goods, the amount of revenue can be measured reliably, it is probable that the associated economic benefits will flow to the entity, and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost.

4. Tax on profit

Major components of tax income

	2021	2020
	£	£
Deferred tax:		
Origination and reversal of timing differences	(2,637)	—
	-----	----

	-----	-----	-----	-----

9. Related party transactions

During the year the company was under the control of Nation Broadcasting Limited a company of which J.S. Bryant is executive chairman and majority shareholder. During the year the company has traded at an arms length basis with other subsidiaries of Nation Broadcasting Limited. The company has claimed the exemption under FRS 102 Section 33 not to disclose the value of intergroup transactions with other wholly owned subsidiaries.

10. Controlling party

The company is a 100% subsidiary of Nation Broadcasting Limited, a company registered in England and Wales. Group accounts are not prepared because the group is small and is not an ineligible group as defined in Section 384 of the Companies Act 2006.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
