**Accountants' report to the Director of
Handyman Craft Limited**

You consider that the company is exempt from an audit for the year ended 30 September 2012. You have acknowledged, on the balance sheet, your responsibilities for ensuring that the company keeps accounting records which comply with Section 386 of the Companies Act 2006, and for preparing financial statements which give a true and fair view of the state of affairs of the company and of its profit for the financial year.

In accordance with your instructions, we have prepared the financial statements on pages 2 to 6 from the accounting records of the company and on the basis of the information and explanations you have given to us.

We have not carried out an audit or any other review, and consequently we do not express any opinion on these financial statements.

Notes to the abbreviated financial statements for the year ended 30 September 2012

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and comply with financial reporting standards of the Accounting Standards Board.

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Fixtures, fittings and equipment	- 25% reducing balance method
-------------------------------------	-------------------------------

1.4. Deferred taxation

Handyman Craft Limited

Notes to the abbreviated financial statements for the year ended 30 September 2012

..... continued

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold;

Provision is made for deferred tax that would arise on remittance of the retained earnings of overseas subsidiaries, associates and joint ventures only to the extent that, at the balance sheet date, dividends have been accrued as receivable;

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.
