2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The company ceased trading on 31 January 2016. On 1 February 2016 the trade was transferred to New Lanark Trading Limited along with all assets and liabilities of the company. The company was able to meet its obligations as they fell due up to the date of transfer and any obligations beyond that date will be met by New Lanark Trading Limited. The directors have therefore continued to adopt the going concern basis in preparation of the accounts.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

Related parties transactions

The company is a wholly owned subsidiary of New Lanark Trust, the consolidated accounts of which are publicly available. Accordingly, the company has taken advantage of the exemption in FRS 8 from disclosing transactions with members of the New Lanark group.

Financial instruments

The company only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value, including loans from the parent entity, since these are repayable on demand.
