The director:

1. confirms that for the period ending 31 March 2014 the company was entitled to the exemption under subsection (1) of section 477 Companies Act 2006 ;
2. confirms that no notice requiring an audit had been deposited under section 476 Companies Act 2006 in relation to the financial statements for the financial period; and
3. acknowledges his responsibility for:
 - (a) ensuring that the company keeps accounting records which comply with section 386 and section 387 of the Companies Act 2006 ; and
 - (b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the financial period in accordance with the requirements of section 396, and which otherwise comply with the requirements of the Act relating to the financial statements, so far as applicable to the company.

The abbreviated accounts which have been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006 were approved by the board on 12 September 2014 and signed on its behalf.

Director

**NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE PERIOD ENDED 31 MARCH 2014****1. ACCOUNTING POLICIES****Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of value added tax.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets over their expected useful lives on the following bases:

Equipment	25% reducing balance.
-----------	-----------------------

Stock

Stock is valued at the lower of cost and net realisable value.

Leasing and hire purchase

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible fixed assets and are depreciated over their useful lives. Finance leases are those where substantially all the benefits and risks of ownership are assumed by the company. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance charge is charged to the profit and loss account over the period of the agreement.

Rentals applicable to operating leases where substantially all the benefits and risks of ownership remain with the lessor are charged to the profit and loss account as incurred.

Deferred taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discountable basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.
