These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with Section 1A of FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the statement of income and retained earnings has not been delivered.

For the year ending 31 March 2022 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Director's responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476 ;
- The director acknowledges his responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements .

BRAND NEW BARS LTD

Statement of Financial Position *(continued)*

31 March 2022

These financial statements were approved by the board of directors and authorised for issue on 28 March 2023 ,
and are signed on behalf of the board by:

Mr A Brand

Director

Company registration number: SC590965

BRAND NEW BARS LTD

Notes to the Financial Statements

Year ended 31 March 2022

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is 9 Guildhall Street, Dunfermline, KY12 7NR.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern (as a result of covid-19 pandemic)

The company made a profit for the year of £27,391 and had net liabilities of £7. In common with all businesses across the sector the company has been affected by the Covid-19 pandemic. The director has undertaken cost cutting measures, which are expected to realise savings in overheads. At this point in time, however, there is insufficient post Covid-19 trading experience to know whether those underlying assumptions will be borne out, or how long a return to some sort of normality will take. These conditions are outside the control of the director, but he will monitor future developments and will take whatever measures are necessary to protect the company. On the above basis the financial statements have been prepared on a going concern basis.

Revenue recognition

Turnover is measured at the fair value of the consideration received or receivable for goods supplied and services rendered, net of discounts and Value Added Tax. Revenue from the sale of goods is recognised when the significant risks and rewards of ownership have transferred to the buyer (usually on despatch of the goods); the amount of revenue can be measured reliably; it is probable that the associated economic benefits will flow to the entity; and the costs incurred or to be incurred in respect of the transactions can be measured reliably.

Income tax

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively. Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. Any tangible assets carried at revalued amounts are recorded at the fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. An increase in the carrying amount of an asset as a result of a revaluation, is recognised in other comprehensive income and accumulated in equity, except to the extent it reverses a revaluation decrease of the same asset previously recognised in profit or loss. A decrease in the carrying amount of an asset as a result of revaluation, is recognised in other comprehensive income to the extent of any previously recognised revaluation increase accumulated in equity in respect of that asset. Where a revaluation decrease exceeds the accumulated revaluation gains accumulated in equity in respect of that asset, the excess shall be recognised in profit or loss.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures and fittings	-	20% reducing balance
-----------------------	---	----------------------

Impairment of fixed assets

A review for indicators of impairment is carried out at each reporting date, with the recoverable amount being estimated where such indicators exist. Where the carrying value exceeds the recoverable amount, the asset is impaired accordingly. Prior impairments are also reviewed for possible reversal at each reporting date. For the purposes of impairment testing, when it is not possible to estimate the recoverable amount of an individual asset, an estimate is made of the recoverable amount of the cash-generating unit to which the asset belongs. The cash-generating unit is the smallest identifiable group of assets that includes the asset and generates cash inflows that largely independent of the cash inflows from other assets or groups of assets. For impairment testing of goodwill, the goodwill acquired in a business combination is, from the acquisition date, allocated to each of the cash-generating units that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the company are assigned to those units.

Stocks

Stocks are measured at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase, costs of conversion and other costs incurred in bringing the stock to its present location and condition.

Financial instruments

A financial asset or a financial liability is recognised only when the company becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost. Where investments in non-convertible preference shares and non-puttable ordinary shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in profit or loss. All other such investments are subsequently measured at cost less impairment. Other financial instruments, including derivatives, are initially recognised at fair value, unless payment for an asset is deferred beyond normal business terms or financed at a rate of interest that is not a market rate, in which case the asset is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss, with the exception of hedging instruments in a designated hedging relationship.

Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately. For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics. Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.

4. Employee numbers

The average number of persons employed by the company during the year amounted to 7 (2021: 6).

5. Tangible assets

	Fixtures and fittings
	£
Cost	
At 1 April 2021	1,809
Additions	358

At 31 March 2022	2,167

Depreciation	
At 1 April 2021	827
Charge for the year	268

At 31 March 2022	1,095

Carrying amount	
At 31 March 2022	1,072

At 31 March 2021	982

6. Debtors

	2022	2021
	£	£
Other debtors	65,367	37,600
	-----	-----

7. Creditors: amounts falling due within one year

	2022	2021
	£	£
Trade creditors	1,392	4,734
Corporation tax	12,532	—
Social security and other taxes	25,912	26,552
Other creditors	1,726	5,912
	-----	-----
	41,562	37,198
	-----	-----

8. Creditors: amounts falling due after more than one year

	2022	2021
	£	£
Bank loans and overdrafts	46,667	50,000
	-----	-----

9. Financial instruments

For financial instruments measured at fair value, the basis for determining fair value must be disclosed. When a valuation technique is used, the assumptions applied in determining fair value for each class of financial assets or financial liabilities must be disclosed. If a reliable measure of fair value is no longer available for ordinary or preference shares measured at fair value through profit or loss, this must also be disclosed.

10. Director's advances, credits and guarantees

During the year the director entered into the following advances and credits with the company:

2022			
	Balance	Advances/ (credits) to the	Balance
	brought forward	director	outstanding
	£	£	£
Mr A Brand	29,941	15,371	45,312
	-----	-----	-----
2021			
	Balance brought	Advances/ (credits) to the	Balance
	forward	director	outstanding
	£	£	£
Mr A Brand	(16)	29,957	29,941
	-----	-----	-----

11. Related party transactions

The company was under the control of Mr Brand throughout the current year. There was a Director Loan of £45,312 owed back to the company.
