**1. General Information**

Muirhall 1901 Limited is a private company, limited by shares, incorporated in Scotland, registered number SC623398 . The registered office is Muirhall Farm, Auchengray, Carnwath, Lanark, South Lanarkshire, ML11 8LL.

**2. Accounting Policies**

**2.1. Basis of Preparation of Financial Statements**

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 section 1A Small Entities "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006

**2.2. Going Concern Disclosure**

At the balance sheet date, the company had net current liabilities of £334,200 (2021: £341,648) and net liabilities of £334,199 (2021: £341,648).

These financial statements have been prepared on a going concern basis on the assumption that the company's creditors will continue to financially support the company for the foreseeable future. Having established this support, the directors believe that the going concern basis is appropriate and accordingly the financial statements do not include any adjustments that would arise should the support of the creditors be withdrawn.

**2.3. Turnover**

Turnover is measured at the fair value of the consideration received or receivable, net of discounts and value added taxes. Turnover includes revenue earned from the sale of goods and from the rendering of services. Turnover is reduced for estimated customer returns, rebates and other similar allowances.

**Sale of goods**

Turnover from the sale of goods is recognised when the significant risks and rewards of ownership of the goods has transferred to the buyer. This is usually at the point that the customer has signed for the delivery of the goods.

**Rendering of services**

Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs. Turnover is only recognised to the extent of recoverable expenses when the outcome of a contract cannot be estimated reliably.

**2.4. Tangible Fixed Assets and Depreciation**

Tangible fixed assets are measured at cost less accumulated depreciation and any accumulated impairment losses. Depreciation is provided at rates calculated to write off the cost of the fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Freehold	2% straight line
----------	------------------

**3. Average Number of Employees**

Average number of employees, including directors, during the period was as follows: NIL (2021: NIL)
